

ALEKSANDRA "SASHA" SIMASEK

INTERIOR
DESIGNER

Interior designer with four years of experience in both residential and commercial interior design seeking a new career step to expand my skills and grow further in the design industry.

EXPERIENCE

INTERIOR DESIGNER

LEE DESIGN DC

2020 - Present

- Utilized computer software programs to create floor plans, elevations, and 3D perspectives for presentations for the clients and construction documentation
- Created material boards for bided projects that include 3D renders and samples of finishes
- Created architectural plans for permitting sets
- Specified FF&E that met the project's concept and budget
- Ordered client product through well maintained vendor relationships
- Worked closely with the clients from the concept phase to completion
- Visited job sites to collaborate closely with the contractors and sub-contractors to ensure the project is being constructed/designed correctly

INTERN

SCHROEDER DESIGN/BUILD

2016-2019

- Assisted Interior Designers and Project Managers with client projects
- Assisted Marketing Manager with company branding
- Made FF&E selections for clients
- Created graphic presentations and organized project packages
- Organized the showroom with material samples
- Utilized Revit and other computer software programs for client projects
- Updated the client selection criteria on the company website
